Teaching Experience

Teaching Assistant, The University of Hong Kong (HKU) PHIL7001 (A,B,C) Sep 2026 - Dec 2026
Fundamentals of AI, Data and Algorithms

- Lead weekly tutorial sessions on philosophical issues in AI, data, and algorithms, integrating conceptual analysis with technical course content.
- Support student learning through guided discussions, clarification of course materials, and academic mentoring.

Lecturer, Lingnan University CCC8011 Critical Thinking: Analysis and Argumentation Sep 2026 - Dec 2026

- Deliver lectures and facilitate in-class debates on argument analysis, reasoning, and critical thinking.
- Collaborate with the instructor team to design course materials and coordinate teaching activities.

Teaching Assistant, HKU CCAI9002 Thinking Machines: Philosophical and Ethical Explorations Jan 2026 - May 2026

- Lead three weekly tutorial sessions, facilitating discussion of philosophical and ethical issues in AI.

- Develop discussion materials and reflection questions to promote critical engagement with course content.

Lecturer, HKU PHIL2100: Paradoxes of Decision Jan. 2025 - June 2025

- Independently designed and delivered a 12-week lecture course on decision theory, covering rational choice theory, expected utility theory, social choice theory, game theory, and evolutionary game theory.
- Assessed student work and provided feedback on weekly assignments, midterm essays, and final essays.

Teaching Assistant, Peking University (PKU), Western Philosophy II Sept 2020 - Jan 2021

- Led discussion seminars on major figures and topics in early modern philosophy, including Descartes, Leibniz, Locke, Hume, and Kant.
- Assisted with grading and feedback for 80+ student essays and coordinated weekly Q&A sessions.

Conferences (Peer-Reviewed)

The Asian Epistemology Network Meeting 2026 (Zhejiang University) Nov 2026

- Delivering a presentation on the paper Inquiry, Supererogation, and Zetetic Norms at the conference.

The 7th International Young Scholars Workshop on Science and Philosophy (Shanghai Jiao Tong University) June 2025

- Delivering a presentation on the paper Prior Adjustments and Moral Encroachment at the conference.

The 2nd Beijing International Conference in Analytic Philosophy (Beijing Normal University) July 2024

- Delivering a presentation on the paper Procreation Asymmetry and Moral Reasons: Balancing Prerogatives and Harm at the conference.

Academic Service and Activities

PKU Classical Studies Program, Student Assistant

- Studied ancient Greek and medieval philosophy under Prof. Tianyue Wu, with a focus on Aristotle.
- Completed two years of training in Ancient Greek and Latin.
- Co-edited Peking University's Classical Studies and participated in international academic exchanges in Paris.

Student Assistant, PKU Humanities Faculty Office

- Improved faculty data management workflows through Excel-based data processing and reporting systems.
- Assisted in organizing the Peking University Humanities Lecture Series.
- Co-edited the 7th and 8th editions of Peking University's Classical Studies.

Reception Group Volunteer, The 24th World Congress of Philosophy

- Supported international scholars through academic liaison and event coordination.
- Assisted with guest reception and academic program arrangements.

Peking University Social Survey Team: Urban Dynamics in China's "Middle Triangle" Region

- Analyzed the environmental effects of China's River Chief System and water infrastructure using 180+ government and academic datasets.
- Conducted policy research with local governments and research institutions across three cities on water governance and environmental management.

Skills

Languages: Mandarin and Cantonese (Native); English (Professional proficiency); Ancient Greek and Latin (Intermediate); German and French (Basic proficiency)
